We have planned seminars, speakers and entertainers who will inspire you and make your experience in Lionism even better than before. For those of you who will arrive by Thursday, you'll have the opportunity to join us for a dinner cruise on the Victorian Princess out onto Lake Erie. We are limited to the first 120 who register for the cruise so please send in your reservations as early as possible.

Friday's lineup contains several seminars and speakers including a chance to hear our own ID Larry Edwards discussing his experiences as a first year ID and what we can look forward to in his second year. Friday evening we'll hold the annual Necrology service followed by the District Governor/District Governor Elect Honors and PA Counsellors Banquet. Finally come join us for the hospitality night with the theme “The Roaring Twenties”.

Saturday we will offer additional seminars and speakers along with a performance by David Crone of *I'm No Dummy Productions*. This show is sure to provide an hour of fun and laughter that will be very enjoyable. The Lions of PA All State Band will provide two concerts for your entertainment. Following the second concert will be the International Banquet where we will be pleased to have International President Choi as the main speaker for the convention.

Much effort and hard work has gone into preparing for the 2020 PA Lions State Convention and we hope you'll join us in our scenic venue to welcome in a new decade of Lionism.

**POVERTY  
SIMULATION<sup>®</sup>**

## Could you survive a month in poverty?

1.5 million Pennsylvanians, 444,486 of whom are children under 18, live in poverty every day. Many more are just above the poverty line, but have incomes low enough to qualify for government assistance. It is often difficult for those who have an adequate income and enough resources to understand the situations families in poverty experience every day, the tough decisions they make, and the constant fears and frustrations they face.

### **The Experience**

This poverty simulation provides participants the opportunity to assume the role of a low-income family member living on a budget. Participants may find themselves playing the role of a young single parent, an elderly disabled individual, or a young adult caring for his younger siblings. No matter which role one is assigned, the simulation will get you outside of your life and into the life of someone not so unlike the people in your area living in poverty.

#### The Simulation

The experience is divided into four fifteen-minute sessions, each representing a 'week' in poverty. During that week, participants must provide for their family, make sure everyone gets to school or work on time, keep their homes and possessions secure, and pay all the necessary bills. Between each 'week' is a two minute break representing a weekend, where families will gather together to plan for their next week.

#### The Wrap-Up

Following the simulation, all participants collaborate to discuss their experiences within the simulation and how to connect them to real world opportunities.

**RETHINK POVERTY.**

Please return this form to participate in the Poverty Simulation<sup>®</sup> during the 2020 Lions Club Convention.

### Lion Beth Slade, CFRE Director of Philanthropy for Lions Engagement

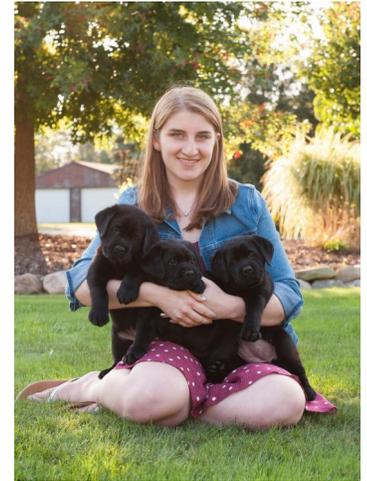

Beth joined the Leader Dog team in 2014. As the Director of Philanthropy for Lions Engagement, Beth stewards Lions clubs across the United States, Canada, Spain and Mexico.

At first she thought the work would be all about the dogs. Her perspective changed after she met the people—the amazing clients, dedicated staff and volunteers whose stories and work she loves to share with others.

Beth earned her international professional designation of Certified Fundraising Executive (CFRE), is a master speaker for the Association of Fundraising Professionals (AFP) and is on the board of directors for the AFP Greater Detroit chapter.

## A Puppy's Journey to Be a Leader Dog

This presentation will take you through all it takes to help a puppy become an amazing guide dog! From birth, through being paired with a client at Leader Dog, the Stauffers will share their experiences being puppy raisers and a host home of a Leader Dog mom and her puppies.

The Stauffer family started their journey with Leader Dog when their daughter, Emily, wanted to raise a puppy for her Girl Scout Silver award when she was just 13 years old. After raising 5 puppies and whelping 4 litters of puppies, they have many stories to share about the experience. You can meet Retired Leader Dog Mom Zoey, too!

### The Sight Center of Northwest PA

Linda Moore became CEO of The Sight Center of Northwest PA in February 2009. She like the early years of her job as CEO to "turning the Titanic on a dime": a job that included a capital campaign to move the agency to a new location, as well as changing the agency name, the leadership, the mentality and the business model of one of Erie's oldest social service agencies, all while maintaining the mission and the extraordinary quality of service that were its hallmarks. She learned the ropes from her friend and mentor, Tyco Swick, the agency's executive director for 46 years who continues to contribute to the agency as its Lions Club Liaison and Eye Care Coordinator.

Linda strives to raise the quality of effectiveness of the programming at the Sight Center including seeking and achieving accreditation from the PA Association for Nonprofit Organization for adherence to the Standards of Excellence of Nonprofit Ethics and Accountability. One of the primary focuses of Linda's job today, as it is with most non profits executive directors is the sustainability of its programs.
