The Global Service Framework focuses the efforts of Lions and Leos on five service areas with the goal of tripling our humanitarian impact by serving 200 million people per year by 2021. The Global Service Framework complements all of the great ways clubs serve locally, and gives Lions and Leos new opportunities to help meet the growing challenges facing humanity.

No matter how you choose to serve, Lions matter now more than ever!

PHOTO SUBMISSION GUIDELINES

When taking photos to submit for publication consideration, please use the settings on your camera that will provide the highest resolution. Check your user's manual. It will create a larger file size and use more space on your memory card, however it will result in better reproduction. Blurry, too dark, too light photos do not re-produce well and will not be considered. Submit photos in JPEG/JPG or TIFF format, please.

"The New Lions Year"

Happy New Year, Lions, Lionesses and Leos,

Many of us made New Year's resolutions to improve some portion of our life during 2018. Unfortunately, a few individuals may already have abandoned these goals because they're too challenging, too time consuming or too much trouble.

In the next several weeks, our First Vice District Governors will be writing goals pertaining to membership, leadership and service which they hope to accomplish in the coming Lions year. Likewise, each of our clubs must consider establishing goals. Without them, we cannot move forward. So, here are some suggestions for your consideration:

- Does your club have a membership chairperson?
- Does your club have a membership plan?
- Have you invited a potential member in the last six months?
- Have you invited someone who is the same age that you were when you joined your club?
- Have you invited a woman or a veteran?
- Have you completed a legacy project to celebrate our first 100 years?
- Have you considered a new, relevant service project for your community?
- Have you updated your club's Facebook page or website?
- Have you planned some FUN activities for these cold winter months?
- Are you encouraging newer Lions to accept leadership positions?
- Does your club have a mentoring program?
- Have you considered becoming a Guiding Lion for a new or struggling club?
- Have you considered doing a program to explain our Code of Ethics?
- Are you planning one final celebration for our Centennial?
- Are you encouraging members to attend the State Convention, the International Convention in Las Vegas, or the USA/Canada Lions Leadership Forum in Columbus?
- Do each of your members contribute to LCIF?

These are some ideas to help strengthen our clubs in the coming year. Remember that if we continue to do the "same thing, the same way, we will get the same results." Make this your year to change and grow.

As always, thank you for all that you do to promote the "Power of We," the "Power of Action," and the "Power of Service" to ensure that "Where There's a Need, There's a Lion." Best wishes for a very happy, healthy and productive year.

In Friendship and Service,

Cindy

"Moving into the New Year 2018"

Greetings Fellow Lions, Lionesses and Leos,

As I write this article, we have 51 days remaining in 2017. How can we make the most of the remaining time as well as prepare for the beginning of the next year? There are several ways: first, this is a time for New Year's resolutions, make the resolution that you, your club and your district will become more dedicated to the organization, increase your levels of service and serve more individuals; second, review your personal, club and district goals. How are you doing? You may need your DG team to help with that. If not on target, readjust the goals and reset the vision for improvement; third, consider taking on a leadership position in your club or district. Need help with that? See your District Global Leadership Coordinator and learn how you can improve your leadership skills. Sounds like a lot. It is. If you develop your own personal plan to take on this challenge, I am sure that you can meet and surpass the challenge. Give it a try.

Thanks to all Lions in MD-14 for your combined efforts in helping to meet the needs of those areas ravaged by the hurricanes. I know that the efforts are still ongoing but as a team, we stepped to the plate with the help and guidance of Lions like Lion Jim Groff to put ourselves into action. I am interested in seeing and hearing your stories in your district newsletters. Keep them coming.

I must report how proud I am of our Global Action Team at the MD level. We have formed and have begun to make significant progress in the overall improvement of membership, leadership and, the new kid on the block, service. The MD leaders of these areas have jumped into their roles and are making a difference in how we deliver to our Lions. The recent Leadership Symposiums, Regional Lions Leadership Institute and the focus on service and reporting is making the difference. Thanks to our team, the district and club GATs for working with the concept and changes.

With the Governor's Council, we have been able to put a committee in place to study our State Convention process that will make recommendations to Council for improvements and changes that can help to attract more Lions to this great annual event. Council has also approved the formation of a Strategic Long Range Planning Committee to study many aspects of the state organization and how we can become a better organization. Last, we approved the appointment of PDG Don Gibala to head the Diabetes Awareness cause for MD-14. PDG Don will be working with the district diabetes chairpersons to move forward this important part of the Global Service Framework.

Last, Lion Susan and I want to personally thank all of the Lions across the MD for your thoughts, prayers, personal visits and cards honoring the memory of our son, Scott, who passed away on November 2, 2017. The network of Lions is so gracious and overwhelming. We are so glad to be a part of it.

Remember "WE SERVE." Keep that spirit going.

In Lionism,

Council Chairperson **Larry**

Multiple District Global Leadership

"Leading the Way in Multiple District 14"

Lions, Lionesses and Leos,

This past quarter of the Lions year has been very exciting and energizing in Multiple District 14. The Global Leadership Team has been busy promoting Leadership throughout our state with the help of all the members of the Global Action Team. The saying "Together we can do so much" has never been truer in our great Multiple District.

Our Leadership Symposiums were very well attended. The session on Saturday, November 4 had over 70 Lions in attendance and the Sunday, November 5 session had over 30 Lions in attendance. One of the sessions offered was Guiding Lions and at the end of the session all in attendance took the Guiding Lion test and passed with flying colors! We now have approximately 100 more Guiding Lions in our Multiple District to help serve all the new clubs we have been chartering. Other courses included Mentorship, The Realities of Advancing in Lionism and Region and Zone Chairperson training. There was something of value for every Lion in attendance and it was nice to see Lions from all walks of Lionism participating in the event.

The following weekend our Regional Lions Leadership Institute was held at the Red Lion Hotel in Harrisburg. Twenty two Lions from all over Pennsylvania participated in the Institute and we had a great weekend of team building and leadership training. We had Lions ranging from their 20s to their 70s participating and working together to improve as Lions and hopefully continue their journey in Lionism. They are our future leaders and, if this class is any indication, we are in very good hands. Please start to look now for next year's Institute attendees so we can have even more participation, hopefully from every district in Pennsylvania!

The Global Leadership Team in conjunction with the Global Action Team is striving to make Multiple District 14 strong and vibrant by providing a program of leadership that will be second to none. We are continually working to give every Lion in Pennsylvania the chance to be the best they can be and lead us as we enter the second 100 years of Lionism. Please join us at our future events and see what all the excitement is about! Our next Symposium weekend will be March 3 and 4, 2018. Mark your calendars now and plan to attend!

Yours in Service,

PDG Deb Burkholder

Multiple District Global Membership

"Recruiting Members in Winter"

Winter is here and spring is not too far off. During the cold months of winter, we tend to stay close to home. Not many of us will go outside in a blizzard, nor when it is freezing cold. We get the flu, a cold or two, and hopefully nothing worse. So we are not interacting with others as much as we would in warmer weather.

You may think this will hinder your efforts to talk to others about Lions and the great benefits membership offers. While you are at home wondering when the weather will get better, you can make a phone call to someone and talk to them about Lions. You can invite a neighbor over for hot chocolate or coffee and talk to them. There are many other ways to spread the word. Use your imagination! I hope you are doing your part. Remember, every Lion is responsible for membership.

Last fall, I spent two weekends working with the Global Action Team offering very different training to the Lions of Pennsylvania. There was a leadership symposium, offered on a Saturday in Harrisburg and the following day in Greensburg. I was glad to see so many Lions come out to participate. I led the discussion on the Certified Guiding Lions Program. This program is great for Lions who want to help a new club get established or who want to work with a club that is struggling or who wants more information about Lionism. It can be done online or in a classroom setting. Contact me if you'd like me to visit your district to offer this program to your Lions.

The second weekend was our Regional Lions Leadership Institute. I want to offer my heartfelt thanks and congratulations to the 22 Lions who took time out of their busy schedules to come together in Harrisburg from noon on Friday until Sunday afternoon. The training was intense, but I didn't hear any complaints. I think every Lion in attendance got something out of the experience. If someone from your district attended, talk to them to find out what they learned. Perhaps you are interested in attending this program in the future. Talking to someone who has gone through the program may be just what you need to help you make your decision to attend.

Congratulations to the districts who are chartering new clubs, bringing in new members, or not losing any. Remember, there are two parts to membership: retention and recruitment. Spend some time looking at your clubs and current members to find ways to keep them involved and happy so they stay with the club. A club that is not functioning well will have difficulty attracting and keeping new members. Please contact me if you need help in this area. There are many ways to improve your club.

Thank you for all you do for others in the name of Lionism! Keep up the great work!

Yours in Lionism,

IPCC *Karen Brady*, Chairperson

Districts with a plus membership to date this Lions year:

District 14-C, DG Dennis Cope

District 14-G, DG Cheryl Wilbur

District 14-M, DG Brad Geyer

District 14-N, DG Robin Swank

District 14-U (holding at 47 added, 47 dropped), DG Charles Zimmerman

The mission of the Pennsylvania Lions Sight Conservation and Eye Research Foundation is to raise funds for eye and diabetic research projects and for equipment to be used in clinical procedures.

In the world 80% of blindness is preventable or reversible. It is only through research that someday we will find a cure for blindness.

The Foundation board members and the District chairpersons are available to present programs on eye research or diabetes to your club or other organizations. Contact the State Council (717-564-2586) for the name of a board member in your area.

Grant requests for research or clinical projects to be conducted in Pennsylvania are submitted to the chairperson of the board of directors of the Foundation. Each request is reviewed by an independent board of ophthalmologic or optometric doctors depending on the nature of the request. The recommendations of the doctors are then reviewed by the Foundation Board of Directors which meets quarterly to review and approve

the grant requests. Board members serve without compensation.

The Foundation was founded in 1959 by a unanimous vote of the Pennsylvania State Council of Lions Clubs.

The Board of Directors consists of six Lions, two members from each region (west, central and east) in Pennsylvania. Board members are appointed by their respective District Governors and approved by the PA State Council.

Major contributions have been made to:

Wills Eye Institute, Philadelphia; Pennsylvania Lions Laser Center at the UPMC Eye and Ear Institute, Pittsburgh; Pennsylvania Lions Low Vision and Research Center, Hershey; Center for Molecular Ophthalmology at the University of Pennsylvania; Scheie Eye Institute and Molecular and Regulatory Biology Research Laboratory at the Pennsylvania College of Optometry, Salus University.

Funds for the Foundation are raised by the members of Lions, Lioness and Leo clubs. Each of the 17 districts in PA has a chairperson who solicits funds from each club in his/her district which are then forwarded to the Foundation treasurer, PID Robert W. Miller.

The board of directors of the Foundation has established a Memorial Endowment Fund. Only the interest from this fund is used for

eye research; the principal remains intact. The Memorial Endowment Fund requires a contribution of \$500 or more to honor a Lion, Lioness, Leo, Lions Club or an individual in the community who has been interested in eye research.

"Your donation now might help your grandchild see in the future."

A blue certificate will be awarded to any club or individual making a contribution between \$500 and \$999.

A gold certificate will be awarded to any club or individual making a contribution of \$1,000 or more.

The criteria shown above applies to both the general fund and the Memorial Endowment Fund.

Grants of more than \$1,000,000 over ten years combat: diabetic retinopathy, macular degeneration, cataracts, glaucoma, retinitis pigmentosa, infectious eye disease, low vision in children, diabetic eye disease, retinal degeneration, detached retinas.

Additional information may be found in the PA State Council of Lions Clubs, MD-14 2017-2018 Directory or at http://www.palions.org/comm_eyersearch.htm.

The Paradise Township Lions Club, 14-D, recently donated the proceeds from their first "Dinner in the Dark" and silent auction to benefit VisionCorps. The dinner was very unique as the guests were given the option of wearing a blindfold or special glasses giving them the experience of eating a meal as if they had a vision impairment. A representative of VisionCorps also spoke to the group.

WORLD'S FIRST LEO CLUB - ABINGTON HIGH SCHOOL LEOS ARE BACK

The world's first **Leo Club at Abington High School, District 14-A**, is back and running strong. After several years of inactivity, PDG Ed Tustin inducted 62 members into the Leos on November 14. Under the direction of **Lion Mindy Katz**, and the sponsoring club, the **Hatboro Lions Club**, the necessary leadership will be provided to make this club one of the strongest. Hatboro President and Zone Chairman **Norma Evangelista** already has several members appointed to be liaisons to this Leo club.

This first Leo Club was started in 1957 by Lions Jim Graver and William Ernst of the Glenside Lions Club in Montgomery County. The club created the colors of the Leo emblem by using the colors of the high school – maroon and gold. They also created the acronym Leadership, Experience, Opportunity for the word LEO. As a result of the action of the two members of the Glenside Lions Club, today there are more than 160,000 members worldwide in 149 countries.

Members of the **Fort LeBoeuf Leo Club** wore shirts in recognition of International Leo Day on December 5. They had earlier helped the **Waterford Lions** and Santa greet children and listen to their Christmas wishes. They passed out gifts of candy to the children and the **Waterford Lioness Club** served cider, hot cocoa, cookies and donuts. There were also hats and gloves for children who needed them.

Lions club members from **14-D**, **14-P** and the **Avon Grove Leos Club** collected disaster relief supplies at the Cochranville Fair Grounds.

The **Avon Grove Lions Club**, **14-P** and the **Avon Grove Charter School Leos Club** conducted eye screenings for 162 kindergarten students at the Charter School Early Learning Center for the second year.

*Pictured above are **Leos Ashley Hayes, Adam Auerbach, Maddie Auerbach** and a parent.*

(Above) The **Avon Grove High School Leo Club** held a fundraiser for the Leukemia and Lymphoma Society at their homecoming football game and raised \$144. (Right, center) The Leo Club held a pumpkin painting fundraiser in October and collected \$147, also for the Society.

(Right) The **Avon Grove Lions Club** held their annual ham supper fundraiser recently, serving more than 400 people. **Troop 30, Boy Scouts, Avon Grove Charter and High School Leo clubs** helped with the dinner, which included a mushroom sauce with secret ingredients. Monies raised will be distributed to local, state, national and international organizations for people in need. Free eye screening for children was also held at the event.

Help Someone You Love With DIABETES

You can help a loved one – a family member or friend – to manage his or her diabetes. Here are several tips to get started today.

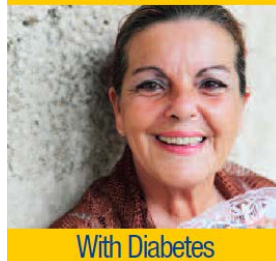

1. Learn about diabetes.
2. Talk to your loved one about coping with diabetes.
3. Find out what your loved one needs.
4. Offer to help your loved one:
 - Accompany him or her on a health care team visit.
 - Locate sources for affordable, healthy foods.
 - Prepare tasty, healthy meals.
 - Find a safe place to walk or to be more physically active.

With Diabetes

Warning Signs of Diabetes

- Frequent urination
- Excessive thirst
- Increased hunger
- Weight loss
- Tiredness
- Blurred vision
- Frequent infections
- Slow-healing wounds
- Vomiting and stomach pain (often mistaken as the flu)
- Lack of interest and concentration
- Tingling sensation or numbness in the hands or feet

Complications of Diabetes

Poorly managed diabetes leads to serious complications:

- Eye disease (retinopathy)
- Cardiovascular disease
- Kidney disease (nephropathy)
- Nerve damage (neuropathy)
- Amputation
- Pregnancy complications

Good News! You can prevent or delay the onset of Type 2 diabetes through a healthy lifestyle:

- Change your diet.
- Increase your level of physical activity.
- Maintain a healthy weight.

First of its kind

Lions Diabetes Education and Treatment Center at UPMC McKeesport

Editor's note: The following column appeared in the October 6, 2017 edition of the Mon Valley Independent and is reprinted by permission.

By Michele Matuch

UPMC McKeesport (formerly McKeesport Hospital) houses the first Lions Diabetes Education and Treatment Center of its kind in the nation. Patients were once admitted into the hospital under a diagnosis-related grouping. This grouping determined the patient's major diagnosis, as well as the patient's secondary diagnosis. Through the quality assurance and insight of clinical director Annette Karnash, R.N. at the time, the hospital determined that a large number of its patients' secondary diagnoses were related to diabetes and that their treatment for diabetes became priority. On September 23 of each year, the Lions Diabetes Education and Treatment Center at UPMC McKeesport continues to celebrate its many successes in diabetes-related treatment and education since 1993.

How did a project of this magnitude take form? In 1992, a unique partnership was formed with hospital officials and district governors Joseph Donkin and Clarence Thomas of Lions Clubs of Region 2 of District 14-B Lions in Allegheny County to begin a fundraising campaign to open the first Center at UPMC McKeesport. Through the Foundation's annual hospital invitational with matching pledges of support from District 14-B Lions and later supported by Westmoreland Lions in District 14-E, as well as Lions Clubs International, a total of \$162,000 was raised to open the Lions Diabetes Education and Treatment Center at UPMC

Lion Eliana Latterman (far right), District 14-B Cabinet Secretary and Director of Development for the McKeesport Hospital Foundation, visits the UPMC McKeesport Lions Diabetes Center while Sann Yu Mon, M.D., and Carla DeJesus, diabetes program coordinator, consult with diabetes patients Melissa Mehaffey and Ronald Cooper.

McKeesport. It became the first Center of its kind nationally with the Lions name under the direction of the late medical director Dr. Usman Ahmad. Because of its distinction and significant accomplishments, Dr. Ahmad and the Center have been focused in the Lions International Magazine on three occasions.

Once the Center opened, this partnership continued to raise funds annually to support medications for those with the inability to pay for treatment. This financial support amounts to approximately \$30,000 each year. In addition to medications, the Lions Fund has financially supported upgrades to the Lions Center Classroom and research projects through the University of Pittsburgh Diabetes Institute. Future plans are to further expand treatment and education into Westmoreland County. Partnerships are also being

developed to offer diabetes patients with health and fitness programs, in addition to the medications and classroom education already in place.

Diabetes impacts all of us internationally through our families and friends. Diabetes Awareness Month is in November each year, and it is this year's main focus of Lions Clubs International. Your donations are welcomed and put to good use to assist a number of patients who rely on their medications but cannot afford to pay for them. You can contact the Lions Diabetes Center at UPMC McKeesport at (412) 664-3055 or one of many Lions in your communities for additional assistance.

Lion Michele Matuch is a columnist for the Mon Valley Independent and a member of the Lions Diabetes Education and Treatment Center at UPMC McKeesport advisory board. Lion Matuch has served two terms each as president of the McKeesport and Mon River Fleet Specialty Lions clubs in District 14-B.

Members of the **Christiana, 14-D, Avon Grove and Parkesburg Lions Club, 14-P**, joined together to fill a tractor trailer with supplies to ship to Houston after Hurricane Harvey. A 53-foot tractor trailer was filled with much needed supplies donated from across the community including Amish families and members of the American Legion. Included in the materials were diapers, medical equipment, crutches, canes and walkers. They also plan to collect items for victims in Florida and Puerto Rico affected by hurricanes.

Lion Denny Bidwa of the **Hanover West Manheim Township Lions Club, 14-C**, and his wife, **Barbara**, owned the Little People Day Care in Germantown, MD and intended to close it. Hurricane Harvey in Texas provided an outlet where the equipment from the center could have continued use. A friend of the Bidwas, **Ron Hafke**, volunteered to drive a tractor trailer donated by Ed Frock of Frock Brothers Trucking to a Texas daycare center. Corrugated containers were donated by the Packing Corporation of America. The Child Works Day Care Center of Santa Fe, TX was chosen as the recipient of the trailer load of equipment. **Connie Wright**, Director of the Santa Fe Center said there was enough to share with six other centers enabling the centers to reopen much sooner than anticipated after the flooding.

Special thanks go to **DG Dennis Cope**, the **Houston Chapter of the Los Carnales/La Familia Motorcycle Club**, **DG Jerry Gilbert** of Texas, the **Santa Fe** and **Manvel-Iowa Colony Lions Clubs**, **Lions Kevin Curran**, **Jim Flood**, **John Conley** and **Bob Sagona** of the **Laytonville Lions Club**, **Milton Andrews** of the **Monocacy Lions Club**, **Boy Scouts** and **Lions Darryl Madden**, **Bob Kerr**, **Buster Bair**, **Ken Raleigh** and **Bob Flemmens** of the **Hanover West Manheim Township club** and volunteer **Brent Hunter** from Hanover.

The **Forbes Road Lions Club, 14-L**, completed a project of several years duration with the dedication of a veteran's honor roll plaque listing all the graduates of the Forbes Road High School who had served in the Armed Forces.

Bradford Township Lions Club, 14-F, unveiled a new memorial commemorating Lions 100 years of service to their community, country and nations of the world.

At the dedication, **Lion Peter Peckyno** said, "You who are here today are the movers, the shakers and the investors in ideas. We had an idea to serve both the people of our community and our Lions. You believed in and supported this project."

Each sponsor donated either money, materials or both. Scott Teller was the designer, engraver, deliverer and director of installation of the six-foot, 2,600 pound granite monument.

In honor of their 40th anniversary, the **Sugar Valley Lions Club, 14-G**, provided a new place to rest and contemplate for local residents and visitors.

The two park benches were purchased and installed next to the Veterans Memorial in Loganton. A plaque commemorating the anniversary and donation appears on the benches.

Recently **DG Dennis Cope, 14-C**, sent requests to clubs and individual Lions asking for donations to help purchase specialized eyeglasses for **Dudley Stokes**, a WWII veteran (right) who resides in York County. Mr. Stokes has macular degeneration which makes it nearly impossible for him to care for his wife who is in the early stages of dementia. The special lenses allow him to read and drive. Different lenses are required for each task at a cost of nearly \$5,000 per pair.

The response to the request was phenomenal. Through Lions and Lionesses clubs, a fundraising website and Mr. Stokes' family the lenses were purchased. Mr. Stokes' son said, "He has found them to be extremely effective, without any period of adaptation. My sister-in-law said when she first came home, he looked at my mother's face and couldn't believe how clear she looked. This is a wonderful outcome, and we are very grateful for the efforts of the Lions clubs that helped make this possible."

PDG John Crone, Warren Lions Club, 14-F, was recently awarded the Ambassador of Good Will Award by PDG Bill Green, also an Ambassador Award recipient. PDG John has been a Lion since October 1, 1959 and has served in many club level positions as well as being District Governor in 1969-1970; he is currently the LCIF coordinator. He was recruited 57 new members and is the club Parliamentarian, a member of the Constitution and By-Laws Committee and a representative on the PA Lions Hearing Research Foundation, Inc. An application for a fellowship in PDG John's name may be found at <http://plhrf.org/forms/FellowshipApplication.pdf>.

Lion Jim Ivell of the **Harrisville Lions Club, 14-N**, was recently awarded the Leader Dogs for the Blind Centennial Founders Tribute Plaque and a brick for the LDB Brick Plaza for his service to Lionism through Leader Dogs by **IPDG Linda Gibala**, also an awardee. Lion Jim was Leader Dogs chair for 14-N from 1975 under PDG "Bud" Gregg until 2011 when IPDG Linda Gibala of the Butler Club succeeded him.

Beth Slade of LDB wrote: "I tracked down the most database experts on campus. I can see historically 24 clients are attributed to coming from

your district. Here's the challenge: if someone lived in that district and moved, the district would show up where they moved to. So, that 24 could be low if someone moved out of the district. Even at 24 clients, that's almost \$1 million worth of guide dog services he helped steward. It was his work that got the word out and put Leader Dog on the map for all the clients throughout the years. We are very proud of his work...Lion Jim truly "served" as a Lion. It only takes one person to make a difference in MANY lives! Please let Jim know he has an amazing legacy in the lives of people who are blind and visually impaired in 14-N and their families."

"Senior" Lion Jim joined the Harrisville club in March 1963.

Saluting our seniors: Part II

As the saying goes, the best-laid plans of mice and men often go astray.

In an effort to recognize longtime members of the Multiple District, we ran a feature in the July/August/September 2017 edition of *The PRIDE* listing our most-mature members.

Or so we thought. We quickly learned otherwise.

Due to a glitch in the software used by Lions Clubs International's information technology staff, a pair of deserving Lions were left off that list. We are hereby rectifying that situation, all the while hoping there aren't other true-to-the-cause Lions who were also overlooked.

Lion Charles Yeager, III joined the Ephrata Lions Clubs (District 14-H) as an 18-year-old, according to club secretary PDG Bob Eberly. Lion Yeager's membership officially started April 1, 1949, according to records found on MyLCI, the official website of Lions Clubs International. Thus, as a 68-year member of the

Association, Lion Yeager should have ranked 17th on the Multiple District's longevity list printed in the first 2017-2018 edition of *The PRIDE*.

Lion Yeager, who was granted Privileged Member status by his club in November 2016, recorded 65 years of perfect attendance before health concerns slowed him down, PDG Eberly said. The photo in the next column shows Lion Yeager lending a helping hand during the Ephrata Lions' Sports Card Show and Auction two years ago.

Past District Governor Richard Rudy joined the Fredericksburg Lions Club on June 1, 1950. As a 67-year Lion, PDG Rudy should have ranked 21st on the Multiple District's longevity list.

PDG Rudy, who served as District 14-D Governor during the 1993-1994 Lions' year, transferred from Fredericksburg to the Greater Lebanon Valley Lions Club when the latter club was chartered in 1980. PDG Rudy was awarded a Life Membership in March 1986.

IP Aggarwal heads list of presenters at 2018 state convention

Lions Clubs International President **Dr. Naresh Aggarwal** of Batala, Punjab, India, will be the featured guest during the 2018 Multiple District 14 convention May 17-20 at the Penn Stater Hotel and Conference Center in State College.

IP Aggarwal will be the keynote speaker for the state convention's International Banquet Saturday, May 20. He will also lead a question and answer session earlier that day.

IP Aggarwal will be joined at the MD-14 convention by his Partner in Service, Navita, who is also a Lion and Melvin Jones Fellow. LCI's first couple are parents of two sons and one daughter and proud grandparents of seven.

Sharing the spotlight at this year's state convention with IP Aggarwal will be two distinguished members of the Penn State University staff.

• **Russ Rose**, head coach of the Penn State women's volleyball team, will give insights into the recruitment and mentoring of young adults and share some of the highlights of his successful

coaching career during a seminar Friday, May 18.

Rose has guided the Nittany Lions volleyball team to over 1,200 wins in four decades as their head coach. His teams have captured a record-setting seven NCAA national championships and 17 Big Ten Conference championships.

At this time this article was written, the Nittany Lions ranked as the favorites to win an eighth national championship. Penn State was ranked No. 1 in the nation and earned the No. 1 seed in this year's NCAA tournament.

• **Gregory Drane**, director of the Penn State University "Blue Band," will share his leadership skills during a seminar Saturday, May 19.

Drane was named as the Blue Band's director in March 2015 after serving as the assistant director since

2005. Drane joined the staff in 2002.

In addition to directing the Marching Blue Band, Drane oversees the Athletic Bands program, a total of 450+ members, including the Fall Athletic Band (volleyball band), basketball pep bands, and the hockey pep band, as well as assisting with conducting the four concert bands and serving as an instructor for music courses in the School of Music.

Registration forms for the 2018 state convention can be found in this issue of *The PRIDE*, as well as on the state Lions website (www.palions.org).

State convention information packets were also mailed to club secretaries and Past District Governors in early December.
